BEFORE WE EXPECT TRUST FROM OUR CUSTOMERS, WE PROVIDE EVIDENCE

that's us!

ENVIRONMENT & SUSTAINABILITY
that's us!

Sustainable management and careful use of resources are a matter of course for us and part of our corporate philosophy. This basic idea is consistently integrated and lived in our work processes.

We are proud to be the first certified manufacturer of partition systems and lockers in Germany to operate according to the FSC™ and PEFC guidelines.

PEFC - registered
We pay attention to a sustainable supply chain in which our products are procured under ecological, economic and socially just aspects.

FSC™ - certified
As the first certified manufacturer in the area of partition systems and lockers in Germany, we make an active contribution to the protection of our earth with this future-oriented procurement method. We supply almost our entire range from sustainable wood in accordance with the specifications of the FSC™.

PEFC/04-31-3143

FSC www.fsc.org FSC® C147242

On request the products are available with FSC™ certification

MADE IN GERMANY
that's us!

Our products are manufactured for you at the company site in Horhausen, Rhineland-Palatinate. This is the only way we can guarantee the high quality standards we set for our products.

PREQUALIFIED
that's us!

We are registered in the list of prequalified construction companies with the number 010.049740, proving that we are qualified for the products and services we offer.

INNOVATIVE & DESIGN-ORIENTED
that's us!

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

Toilet partitions and privacy screens

schäfer®
Trennwandsysteme

Stylish and elegant partitioning.

BLACKLINE

BLACKLINE. Uncompromisingly black.

A very special design variant: the BLACKLINE. All BLACKLINE profiles and fittings are finished in elegant black to match the black tile surfaces. This combination creates a special look that gives the sanitary room an exclusive and high-quality ambience.

Toilet partition walls and privacy screens

(1)

(2)

(3)

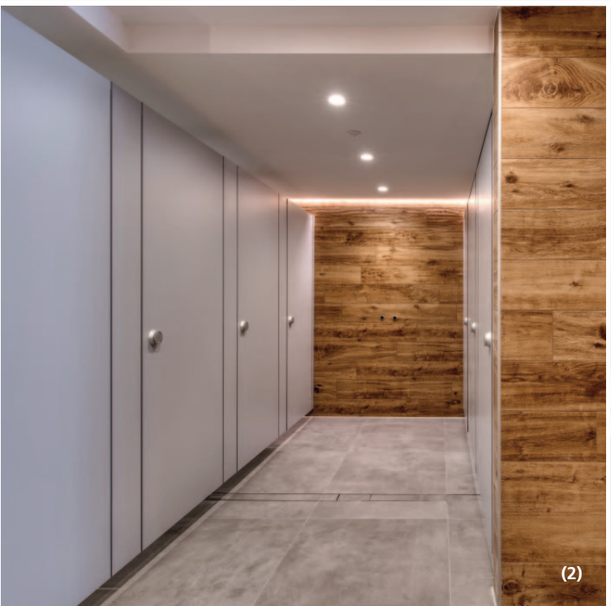
WC partitions from the BLACKLINE series

(1)
EF-3 ALTUS BLACKLINE
- WC partitions completely in the color black
- Equipment such as bumpers, hooks, handle sets matching in black
- 36 mm thick sandwich elements with HPL surface
- Maximum privacy thanks to the ceiling-high construction
- Flush front of the EF-3 ALTUS BLACKLINE WC partitions
- Ideal for wet areas, as the construction is completely waterproof

(2)
SVFG40 ALTUS BLACKLINE
- WC partitions completely in the color black
- Maximum privacy thanks to the floor-to-ceiling construction
- This creates a separate private area for users
- Composite elements made of chipboard, 40 mm thick with 0.9 mm HPL surface
- WC partition with flush front
- Edges made of high-quality lacquered real wood inserts, also in the trend color black
- The right choice for dry rooms

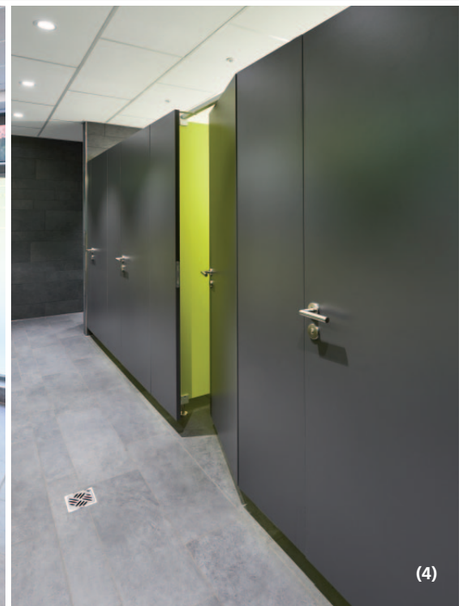
(3)
SVF30/S ALTUS BLACKLINE
- WC partitions completely in the color black
- ABS edging in black, like the panel surface
- Room-high construction for maximum privacy
- 30 mm thick composite elements made of chipboard with 0.9 mm thick HPL surface
- Absolutely flush front on the outside of the cubicle of the sanitary partition
- Particularly easy to clean, durable and robust

(1)



(2)

(3)

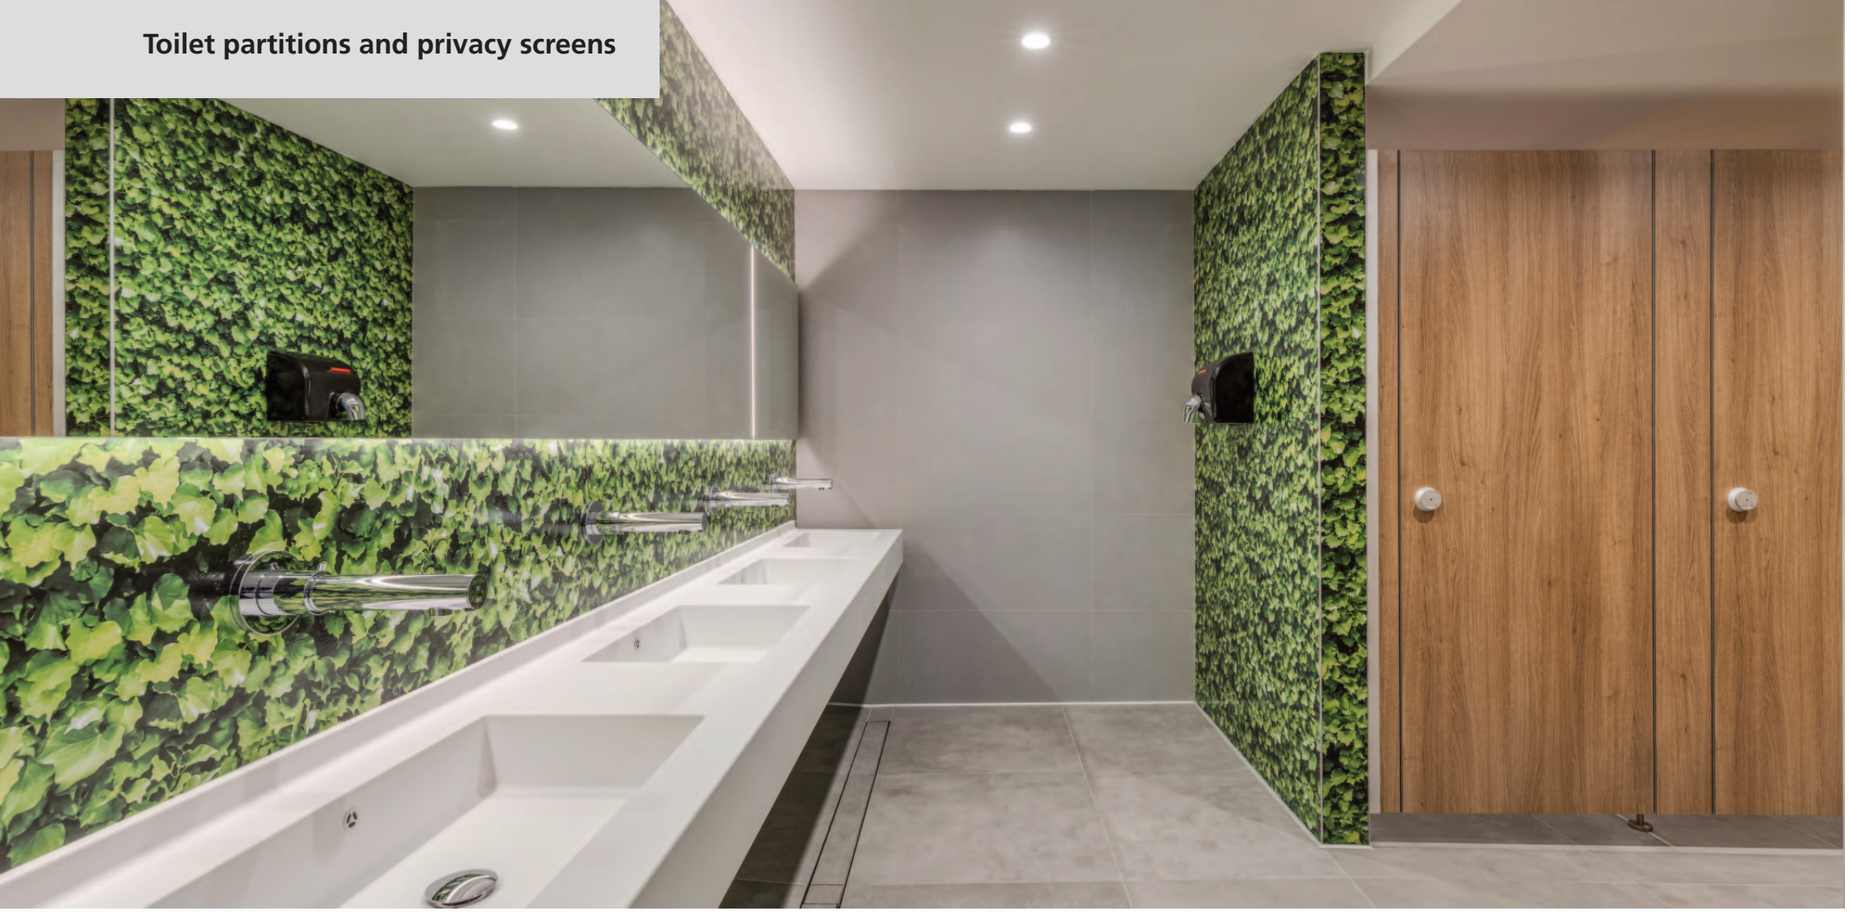


(4)

(1) + (2)
Cubicle system type EF-3 JUMP
- Made of 36 mm thick sandwich elements with HPL surface
- Recessed supports and headrail give a floating look
- No support feet visible in the front
- Floor clearance ensures a quick and effective cleaning
- Flush front
- Wall connections are done as shadow gaps
- Hardware made of high-quality anodised aluminium
- Fully waterproof construction
- Suitable for wet and dry areas
- Large variety of decors and colours
- Customised motif prints are possible
- System will be produced acc. to the building site dimension

(3)
Cubicle system type EF-3
- Made of 36 mm thick sandwich elements
- 3 mm thick HPL layer on both sides and internal torsion-resistant aluminium frame
- Completely waterproof
- Very high stability
- Damping rubber ensures noiseless closing of the doors
- Flush-mounted front panels with excellent easy-clean design
- Wide range of colours and design options

(4)
Cubicle system type SVF30 JUMP
- Consisting of 30 mm thick chipboard panels
- Ideal for dry rooms
- Recessed feet and recessed top profile create a floating appearance
- Flush-mounted front panels
- Easier cleaning and maintenance, considerably lower cleaning costs
- Wall connections using shadow gaps (not possible with brickwork)
- Wide range of colours and design options



WC partitions with floating look type EF-3 JUMP

- Made of 36 mm thick sandwich elements with HPL surface
- Recessed supports and headrail give a floating look
- Floor clearance ensures a quick and effective cleaning
- Flush front
- Wall connections are done as shadow gaps
- Hardware made of high-quality anodized aluminum
- Fully waterproof construction
- Suitable for wet and dry areas
- Large variety of decors and colours
- Customized motif prints are possible
- System will be produced acc. to the building site dimension

- A construction with recessed feet and a head profile is shown here
- For systems with large cabin widths, the front sections are stabilized by a support leg
- The smooth fronts enable quick and efficient cleaning

Toilet partitions and privacy screens

(1)

(2)

(3)

(1)
Cubicle system type EF-3
- Made of 36 mm thick sandwich elements with HPL surface
- Ideally suited for wet areas
- Waterproof, durable construction
- Flush fronts

(2)
Shower cubicle Type EF-3 JUMP
- Construction with recessed feet and a recessed head profile - this creates a floating look
- One-hand nylon lock

(3)
Privacy screens type EF-3
- Consisting of 36 mm thick sandwich elements with HPL surface
- The wall-mounted installation ensures quick and efficient floor cleaning
- Wall bracket made of anodized aluminium
- Easy-to-clean and easy-care materials
- Large selection of colours
- Screens are made to measure

(1)

(2)

(3)

(4)

(1) + (2)
VKH13 cubicle system
- Hanging construction made of 13 mm HPL solid core panels
- Support feet can be reduced to a minimum
- Easier cleaning and maintenance, considerably lower cleaning costs
- Completely waterproof

(3)
Cubicle system type VK13 in basic design
- High stability and completely waterproof
- Easy to clean
- VK13 allows for a completely individual room and color design in terms of material, color and shape
- Multicolored cubicles can also be realized perfectly
- Made of 13 mm thick HPL solid core panels
- Vertical profiles, which are manufactured continuously down to the head profile and the floor feet, enable an extremely stable construction

(4)
VITRUM II glass toilet partition
- Corner cubicle made of (ESG-H) safety glass
- Wall-mounted glass privacy screens
- Particularly easy to clean

Toilet partitions and privacy screens

(1)

(2)

(3)

(4)

(1)
Privacy screens made of glass
- Wall hanging construction
- Made of enamelled safety glass (ESG-H)
- Mounting by means of discreet aluminium or stainless steel brackets
- Hygienic and easy to clean
- Waterproof
- Easy floor cleaning due to the construction
- Colour selection according to RAL colour chart
- Motif prints optionally possible
- Privacy screens will be produced acc. to the building site dimension

(2)
Privacy screens type EF-3
- Wall-hanging privacy screens
- Made of 36 mm thick sandwich elements with HPL surface
- Easy to clean and maintain
- Installed with durable aluminium holders
- Reinigungsfreundlich und pflegeleicht
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(3)
Privacy screens type SV30
- Wall-mounted privacy screens
- Made of 30 mm thick chipboard
- ABS strips and panels in the same colour
- Installed with durable aluminium holders
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colors available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(4)
Privacy screens type VK13
- Wall-mounted privacy screens
- Made of 13 mm solid grade laminate
- Revolving edge is always black
- Installed with durable aluminium holders
- Waterproof
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colors available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

Vanity units and hair drying stations

schäfer®
Trennwandsysteme

Stylish and elegant partitioning.

Vanity units made of glass
- Complete construction made of safety glass
- Suitable as a niche solution
- Mirrors on rear wall, side wall, and ceiling

Vanity units and hair drying stations

(1)

(1)
Vanity unit made of 13 mm thick HPL solid grade panels

- Perfectly combinable with the WC partitions made of HPL as well as other WC partitions from our series
- Customised production, therefore ideally suited to individual customer requirements, e.g. vanity units with different heights
- Waterproof, scratch-resistant and shock-proof
- Smooth, seamless surfaces for quick cleaning
- Durable and well-kept appearance
- Large variety of decors, colours and motif prints available

(2)

(2)

- Wall-mounted construction installed in a niche
- Top washbasin freely selectable

(3)

(3)
Vanity units and shelves made of solid surface material

- Especially easy to clean due to jointless construction, which extends to the back wall
- Very comfortable haptic
- Exceptionally attractive design
- Design and dimensions can be individually adapted
- Integration of a wide variety of washbasin types possible

Vanity units and hair drying stations

- Central hairdryer station with EF-3 JUMP shower partitions on both sides
- The hairdryer station is made to measure according to customer requirements

Hair drying stations
- Individually customisable and tailored to the overall design
- Large selection of colours and materials
- Robust and durable constructions
- Easy to clean

- Harmoniously integrated vanity unit solution type VKW made of high-quality, waterproof HPL solid grade panels

Vanity units and hair drying stations

(1)

(2)

(3)

(1)
Unified design for a harmonious atmosphere

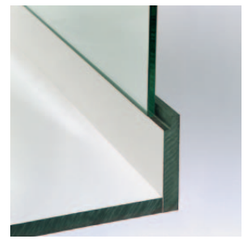
- VKW vanity units are perfectly combinable with the WC partitions made of HPL
- Wall-mounted attachment is made by using sturdy brackets
- Fitted into a niche with rear upstand
- The cut-outs are precisely adapted to the washbasin dimensions

(2)
Multifunctional vanity unit system

- Waterproof, robust and easy to clean system with generous storage space, can also be used as a changing table
- Washbasin also serves as a baby bath tub
- Shelves and base lockers offer additional storage space

(3)
Attractive glass design

- The washbasin system and changing room made of high-quality (ESG-H) safety glass are easy to clean and perfectly integrated into the overall concept



Rear wall vanity unit. This can be equipped with a rabbet for the elegant and flush mounting of a mirror if desired.

Vanity unit door with round opening. Doors are equipped either with handles or with a cylinder lock.

Vanity unit door with access flap for paper towels. Just one of many design options.

Shower partitions
